دار الخير
DARUL KHAIR
Non Profit Organization
National Reg. No. 396/2016

www.darulkhairngo.in

Reality know?

- * More than 1 million people are suffering from starvation in Bihar
- * 4,300 people die daily because of poor healthcare services in India
- * 33.74% people live below poverty line in Bihar
- * Every second person in Bihar is a child (47 million children of total 101 million)

I can't help everyone

BUT Everyone Can
Help Someone

INTRODUCTION:

Darul Khair organization is established in 2016
National Registration No. 396/2016
Niti Ayog Government of India No. BR/2020/0251060

We are a non profit organization working for the under privileged section of society in various villages of Bihar.

We provide academic as well as Islamic education to children and conduct various competitions for motivating and encouraging them.

Apart from these we distribute ration kit, provide medical aid, host free of cost medical camp, organize weekly ijtema for ladies and gents seperately, and help poor people as per their needs by money, house repair, clothes, etc.

Our Mission:

To enhance human well-being and help meet the basic human needs of all people as well as to spread education and teaching of Islam to achieve kindness and goodness in people to make them better both physically and spiritually to live a happy life.

Our Vision:

A happy, healthy and supportive people and children whose basic rights are protected and honoured.

KEY EFFORTS

Education

Children in Bihar face many deprivations owing to wide-spread poverty, caste divisions, poor infrastructure, lack of basic services and many more.

In recent years, most girls and boys are enrolled in primary school but regular attendance, quality education and transition to secondary schools still is a concern. To overcome all these issues, Darul Khair organization is putting great emphasis on education of our children.

Apart from focusing on academic education, we are teaching Islamic education to Muslim children to make them understand it and guiding them to right path.

Medical Aid

Healthcare in Bihar as compared to other parts of the country has been low in both primary as well as tertiary health.

Few people those who can afford the cost of treatment are flying to big cities for the treatment. This brings disruption in their family life because of the cost of their treatment and the emotional stress of being away from the home to get the treatment.

From Darul Khair organization, we are providing Primary Health Care (PHC) in villages as well as assisting people in their critical medical situations.

Help to needy people

The state Bihar ranks lowest in India in terms of per capita income with inclusive development a key challenge. Almost 88.7% people in Bihar live in village and amongst them some are not even able to make their end meets.

We are helping those people with basic needs like providing monthly ration kit and clothes as per season, reconstruction of their house after monsoon, free of cost education to their children, and many more as per their requirements.

Women empowerment

Women empowerment is all about ways of working and supporting girls so that they can take control and responsibility for their own lives. This enables them to represent their interests in a responsible and self-determined way, acting on their own authority.

Women empowerment is still a challenge in Bihar as around 3 million girls are married before legal age of 18 and 3,70,000 girls are pregnant in adolescence (NFHS-4). Some families don't want to educate their girl child so they are deprived of their basic right also.

Orphan Care

Every person ever conceived, was born with specific needs. Those needs include, critical needs such as food and shelter, security, the knowledge or belief that one is of value to themselves and others. But as soon as a child become orphan, his ever loving home dies with his parents. When we give the children what they need to THRIVE, not just survive instead raised them in a healthy and loving environment.

There will be less crime, less disease and less orphan children to take care of in future because they grow up to be responsible, healthy, adults that give back to the community they live in instead of taking away from it.

The good that is done, is generational.

We provide an orphan child:

- A Safe And nurturing home
- Quality education (Academic as well as Islamic)
- Healthcare
- Nutritious food
- Clothing
- All the thing necessary for Bright future

Extracurricular activities

Activities for children: Different activities encourage children to bring out their talent in the limelight and give it wings in the right direction.

Integrating various activities with children's academic life can also help children to manage their time and set priorities and widen their perspective about the world at large.

An elocution competition at school level gives students a good opportunity to combat with the biggest fear factor i.e. stage fear. This allows the student to connect with the large group of people.

Weekly Dars for Men And Women: From the time of the Prophet, Muslims have always congregated in small to large gatherings to worship and gain knowledge from a religious authority of sort.

These lectures on regular basis teach us about the role of Islam in our daily life, importance of helping each other, avoiding bad thing which can effect us mentally and physically, better way to make good relation between parents and children And many More.

Islamic Dars refreshes our mind by bring us close to Allah and guiding us to right path.

THIS YEAR WORK & BENEFICIARIES PEOPLE

1

Distributed Ration kit to 35 families and Eid gift to 70 families

2

Hosted 2 Education Programme - 1500+ People attended

KEY EVENTS

Medical camp

A free medical camp for the people of village was organized on 7th April 2021 in Darul Khair campus, Raiyam from 10.00 am to 12.00 pm. Free medicine was dispensed to patients suffering from various health issues. As most complaints were regarding skin symptoms, people in general were advised about hygiene. More than 200 people were benefited by this camp. It is our effort for making basic healthcare accessible to majority of people in free of cost for their relief.

Elocution Competition

Darul khair organization conducted elocution competition for girls and boys on 22nd April 2021 in Darul Khair masjid. The topic given for competition was "Seeratun nabi (SAW)". 130 children across the village participated in the competition and 30 children were prized for their outstanding performances. Other participants were given Certificate of participation to encourage them to take part in future competitions. It was done to promote their speaking skills and confidence. Other various competitions were also conducted in this year.

Ijtema (Islamic congregation)

First time in village Raiyam, an ijtema was organized by Darul Khair organization in association with other madarasa on 22nd April 2021 in Darul Khair campus with the prime motive of Islaah-e Muashraa. Ijtema is an essential part of us as it plays a significant role in the lives of Muslims. More than 1500 Muslims gathered to make this ijtema successful. Maulana Ashfaq Salafi, mudarris of Jamia Salfia, Darbhanga was called as guest speaker among other speakers to spread the messages of Islam taught by our Prophet Muhammad (SAW).

TESTIMONY

Nisar's

My name is **Mohd. Nisar** and born in poor family. My father died few years back leaving me, my mother and my sibling behind. My mother didn't have enough money to put me through school and provide me and my sibling education as we were scarcely able to beat our hunger. My sibling started working and I was admitted in nearby madarasa for islamic studies but i was not satisfied and changed different madarasa to get what I wanted and finally, last year I became a part of Darul khair and getting education both Islamic and academic. Other than education, they are giving me a sense of home as everyone is loving and caring around us fulfilling my all needs and making me better person. Within less than a year I learned Arabic, English, hindi, urdu, Mathematics, 5th chapters of Quran and hadiths.

Shaheen's

I am doing my msc final year. Because of financial problems I was unable to pay the fee for my final year and teachers said that if I will not pay the fee they will not allow me for my finals but at the last moment Darul khair trust help me in my fees now I had almost completed my masters because of Darul khair. thank you for the help. jazakallahu khair

Under construction

As we are aware of the condition of education in Bihar that students go to school but are not able to learn substantial from it. Education system is still challenging in Bihar, to overcome these things Darul Khair Organization is taking a small step by constructing our School with Madarsa where we can provide quality education to children.

Muslim children will have added classes to learn Islamic studies apart from academic education so that they can use their every opportunity in future in every aspect of life.

Extra effort will be given towards Life skill sessions, Computer classes, English speaking and things which are necessary in the development of children.

Total Plot: 4,720 Sq.ft
