HELP
THE HELPLESS
ANNUAL REPORT
2019-2020

Worse than lack of material comfort is the feeling that nobody cares.

**LET THEM KNOW
THAT SOMEONE,
SOMEWHERE
DOES CARE.**

Message From President

God has bestowed human beings with a sense of feelings. The feeling to know the condition of the people around his surroundings. We wish to improve the environment around us. Something inside ourselves urges us to contribute, share and help. This is the feeling which gives us the courage to stand for welfare of our society in every way possible. People around us suffered and yearned many things which never came their way when they needed that most. We owe it to our people to deliver them what we can.

Someone is
praying for
things which
we take as
a **Granted**

The background of the slide is a solid light green color. Overlaid on this background are several dark green silhouettes of people. Some are standing on a rocky, uneven terrain, while others are reaching out to assist those who are struggling or climbing. The overall scene suggests a metaphorical journey where individuals help one another overcome challenges.
